APPROVE AGENDA

County Board Chairman Ron Schroeder discussed several issues briefly. He said next month's County Board meeting is the last of the three meetings scheduled at night on a trial basis. The Board will need to decide if they wish to continue with night meetings.

Chairman Schroeder said if it is necessary for the Policy & Procedure Committee to meet, the meeting will take place 1 ½ hours prior to the full Board meeting, rather than on a separate day.

Chairman Schroeder discussed the Roberts Rules of Order. These guidelines are currently used to conduct the Iroquois County Board meetings; however, he would like to see the guidelines followed closely so that the meeting is as orderly as possible.

Chairman Schroeder said items for discussion, which have not been addressed in committee, will be placed on the agenda, and the agenda will be approved each month. Chairman Schroeder asked for a motion to approve the February agenda. It was moved by Jim Meyer and seconded to approve the agenda. Motion carried by a voice vote.

HEALTH

Mr. Dowling, Chairman of the Health Committee, gave the report of his committee and moved for adoption. The motion was seconded and carried by a roll call vote.

County Board, Recessed Session
February 10, A.D., 2009

Mr. Chairman and members of the County Board:

Your committee to whom was referred **Health Services** would beg leave to submit the following report on the matters before them.

Your committee met at the Administrative Center on February 2, 2009 at 9:00 A.M. Members present were John Dowling, Rod Copas, Bret Schmid, Betty Busick, and Jean Hiles. Also present were Ron Schroeder, County Board Chairman; Jim Devine, State's Attorney; Brian Martell, Solid Waste Coordinator; Wendy Davis from the *Times Republic*, and Mike Moran, interested taxpayer.

The committee reviewed the claims. It was moved by Jean Hiles and seconded by Bret Schmid to pay the bills subject to County Board approval. Motion carried unanimously.

Cecilia Dixon, Director of Data Processing, explained the re-designed, simplified County Board Services claim form (pay sheets) to the committee and answered questions. They have been customized for each individual County Board member.

Jim Devine, State's Attorney, said he has received a faxed, signed Real Estate Sale Agreement for the Iroquois County Recycling Center between the County of Iroquois and River Valley Recycling this morning, February 2, 2009 for review. Mr. Devine researched and found an Attorney General's opinion stating the County cannot put conditions on the sale of property to upgrade a road to accommodate posted load limits. That verbiage will be taken out of the contract. Immediately upon both parties signing this agreement, the seller, County of Iroquois, will provide at the seller's expense a Phase I Environment report. The County has approved spending up to \$2,000. The closing shall be held on or before April 30, 2009 or the date to which it is extended to review title, survey exceptions, or environmental issues. State's Attorney Jim Devine said this is a basic boiler plate contract.

Brian Martell, Solid Waste Coordinator, reported that the Wal Mart recycling semi trailer is due for inspection February 1, 2009. It will need new tires costing approximately \$1,000, and brakes. It was moved by Rod Copas and seconded by Betty Busick to not spend any more funds on the recycling center equipment. Motion carried. Mr. Martell said as of today, February 2, 2009, he will be pulling the trailer from the Wal Mart drop off site. All recyclables will have to be taken to the Recycling Center. For discussion, possibly an entity could work with River Valley Recycling and continue collecting recyclables at the Wal Mart site.

Brian Martell was asked if a dollar replacement value has been determined for the semi, fork lifts, and skidster that will be loaned to the County Highway Department and Maintenance

Department through an intergovernmental loan agreement. He estimated their value at approximately \$50,000.00 to \$60,000.00. Mr. Martell will meet with Mindy Kuntz Hagen, Treasurer, and State's Attorney Jim Devine to prepare the agreement.

It was moved by Rod Copas and seconded by Bret Schmid to adjourn at 9:40 A.M. Motion carried.

All of which is respectfully submitted.

County Board, Recessed Session
February 10, A.D., 2009

Mr. Chairman and members of the County Board:

Your committee to whom was referred **Tax** would beg leave to submit the following report on the matters before them.

Your committee met at the Administrative Center on February 3, 2009 at 9:00 A.M. Members present were Dale Schultz, Troy Krumwiede, Betty Busick, Lowell Schmidt, Ernie Curtis, and Merle Lemenager. Also present were Ronald Schroeder, County Board Chairman; Tom Tuntland, Director of County Information Systems; Mark Henrichs, County Clerk; Yvonne Doggett, Chief Deputy Treasurer; Robert Yergler, Supervisor of Assessments; Cecilia Dixon, Director of Data Processing; Dr. James Finnell, Animal Control Administrator; Steve Connell, Senior Client Liaison and Jody Smith, Project Manager from Devent Inc. and Wendy Davis from the *Times-Republic*.

The meeting was called to order by Vice-Chairman Dale Schultz.

The committee reviewed the claims. It was moved by Betty Busick and seconded by Troy Krumwiede to pay the bills subject to County Board approval. Motion carried.

Dale Schultz, Vice-Chairman, read a letter received from Bob Yergler, Supervisor of Assessments, notifying the County that the Annual Assessors meeting will be held at the Administrative Center in the County Board Room on February 9, 2009 at 7:00 P.M., as required by state statute.

Tom Tuntland, Director of County Information Systems, reported he has sent sample data information to Devnet, Inc. Mr. Tuntland emphasized all departments should not try to bend the system to fit their programs. The Devnet system will coordinate the order of the tax cycle.

Dr. James Finnell, Animal Control Administrator, asked if the committee had questions on the claims or the monthly activity report. Last month Dr. Finnell asked the County for their endorsement to proceed with a program to enforce dog vaccination as required by State Law. He said the writ of statement was maybe too severe for two reasons:

1. County went back too far - 2007.
2. County was serving by mail not summons.

The dog registration was down from January 2008 - 388 registered compared to 300 in January 2009.

Cecilia Dixon, Director of Data Processing, explained the re-designed and simplified County Board services claim form (pay sheets) to the committee and answered questions. They have been customized for each individual County Board member.

Bob Yergler, Supervisor of Assessments, said tentative Board of Review decisions have been mailed. They will be in session February 9, 10, 11, 13 and 17 for final hearings. The total EAV lost to the County due to the flood in 2008 was \$2,159,084.00. Twenty-one properties were destroyed including commercial and residential.

Mark Henrichs, County Clerk, distributed the monthly County Clerks financial report and the report of year end totals for births, deaths, and marriage licenses issued in Iroquois County in 2008. Mark showed how the EDRS (Electronic Death Registration System) green security safety paper would show "VOID" if attempted to copy. The Consolidated Election will be held April 7, 2009.

Steve Connell, Senior Client Liaison from Devnet, Inc. introduced Jody Smith who will be the Project Manager during the Devnet installation. Mr. Connell presented the proposed implementation plan. A copy will be available for all County Board members.

It was moved by Ernie Curtis and seconded by Merle Lemenager to adjourn at 10:00 A.M. Motion carried.

All of which is respectfully submitted.

Judge James Kinzer reported that Judge Gordon Lustfeldt will be back in Iroquois County March 27, 2009 and Judge Susan Tungate will return to Kankakee County.

Judge Kinzer reported normally the State Police will write 10,000 traffic tickets in Iroquois County in a one-year period. Last year, the County's income was reduced due to less traffic tickets. In 2008, just 6,600 traffic tickets were written.

Judge Kinzer reported the jury is in now and a special jury will be selected for an upcoming murder trial.

Carl Gerovich, ESDA Coordinator, asked if anyone had questions on the Emergency Management Assistance quarterly report or the Statement of Work report. Mr. Gerovich invited the committee to attend the University of Illinois Extension Disaster Preparedness for Local Government program to be held at the Ford-Iroquois Extension Office, 912 W. Seminary Avenue in Onarga, IL on February 26, 2009 from 3:00 - 5:00 P.M. This session will provide approaches to building community resiliency through emergency management process of preparedness, response, recovery, and mitigation. Pre-registration is requested. Mr. Gerovich also informed the committee about a state-wide exercise which will also be held on June 4, 2009 at 8:30 A.M. with key player - decision makers in conjunction with the Iroquois Memorial Hospital, Ford-Iroquois

Public Health Department, and Emergency Management Association.

Lisa Hines, Circuit Clerk, said she has attended a Circuit Clerk orientation and learned by resolution, the County could raise the fee from \$5 to \$10 or \$15 for the Automation and Document Storage fund. This applies to every transaction through the Circuit Clerk's office. No decision was made. It will be taken to the Finance Committee for action.

Lisa said she has discussed the Arrestee's Medical Costs Fund Fee with State's Attorney Jim Devine. The County shall be entitled to a \$10 fee for each conviction or order of supervision for a criminal violation, other than a petty offense or business offense. The disbursement will be to the County Treasurer for deposit in the Arrestee's Medical Costs Fund. State's Attorney Jim Devine will prepare a resolution.

Sheriff Eldon Sprau again reiterated that if County Board members have any questions about his office he is always available.

Coroner Bill Cheatum said he will be using the EDRS (Electronic Death Registration System) grant funds to cut his office expense line item.

Barb King, Probation Supervisor, reported probation monitors the GPS contract. The County's GPS one - year contract with Secure Alert will expire on March 31, 2009. The cost of a GPS unit is \$8.35 a day presently. The longer the contract the cheaper the units, possibly going up \$1 to \$9.35 a day.

Barb King, Probation Supervisor, briefly discussed the Bischoff's Law.

Andrew Luecke, Probation Officer, will be attending a training session in March and Probation Supervisor Barb King will be submitting a claim for \$196 for lodging.

Michael Johnson, ESDA volunteer, was asked to introduce himself. The March Judicial & Public Safety Committee meeting will be held in the basement in the EOC room.

The committee reviewed the claims. It was moved by Donna Crow and seconded by Alan DeWitt to pay the bills subject to County Board approval. Motion carried. Copas voted nay.

State's Attorney Jim Devine said approving this request would violate the current County Zoning Ordinance. He said if the County wishes to make some changes in the Ordinance to allow more growth, they should do so first, and then allow Mr. Rosenberger to return with his request. He said this is an opportunity to see where the flaws are in the system and work on them.

Mr. Rosenberger addressed the Board and briefly spoke about his property and his request. He asked if the Board is willing to make changes in order to increase revenue; something which is badly needed in these times.

It was moved by Mr. Bills and seconded to concur with the Regional Planning Commission and the Zoning Board of Appeals' decision to approve the Rosenberger rezoning request. Roll call vote. Motion failed.

**STATE OF ILLINOIS
IROQUOIS COUNTY**

County Board, Recessed Session

February 10, A.D., 2009

Mr. Chairman and members of the County Board:

Your committee to whom was referred **Planning & Zoning** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on February 6, 2009 at 9:00 A.M. Members present were Merle Lemenager, Beryl Luecke, Troy Krumwiede, Donna Crow, and Dale Schultz. Also present were Zoning Administrator Gloria Schleef, and Assistant Zoning Administrator Debbie Wright. Others attending were William Brooks, County Board Member Harriett Mowrey, Scott Rosenberger, and Wendy Davis from the *Times Republic*.

Zoning Administrator Gloria Schleef said she has contacted some other counties regarding the building permit fees for the wind towers. Iroquois County is the lowest with their building permit fee. Iroquois County will charge \$2,666.00 for each 2.5 megawatt building permit tower. There was a lengthy discussion regarding building permit fees for wind towers and possibly having a separate fee schedule for wind towers. Ms. Schleef said she would do some more research and the Committee would revisit it next month.

The Committee also discussed at length the building permit fee schedule. During discussion, it was noted that the fees charged on garages do not cover all the inspections done. There was lengthy discussion on raising the fee schedule to cover the inspections. No action was taken at this time.

*The following paragraph was **removed for separate consideration** per action taken by the full County Board on 2/10/09. The subsequent motion to approve the request failed by a roll call vote.*

Zoning Administrator Gloria Schleef said the hearing coming before the Committee would

be Scott Rosenberger. Mr. Rosenberger is requesting a Conditional Use to restore and sell older cars on his property in his existing buildings. Mr. Rosenberger stated he has been doing this on his property but, in order to sell more than five a year, the State requires him to have a Dealer's License. To have a Dealer's License, he must have the correct zoning. County Board Member Harriett Mowrey asked Mr. Rosenberger if parts would be coming in on semi trucks? Mr. Rosenberger said there are semis bringing things in and out. He said the semis are way under limit but, if the road were posted, they would not be coming in. Seasonally, the cars leave one at a time on trailers or are driven out. Ms. Schleef asked Mr. Rosenberger if the existing buildings would be used to store the cars. Mr. Rosenberger said that is correct. He stated he does not expect to have more than ten saleable cars at a time. If he does have to get parts, the parts would be taken off and then the rest would be junked. He does not want or plan to have a junkyard. Mr. Luecke said at times cars could accumulate for a year or so. Mr. Rosenberger said he understands what is being said. The way his place looks reflects on the way he does business and the way he farms. Ms. Schleef said, if this Conditional Use was changed or expanded on, they would have to reappear with the request.

Mr. Schultz said he does not have a problem with Mr. Rosenberger and envies his passion. He does realize there are businesses out in the country but approving this would be allowing another one. Having a business away from a population center goes against the Ordinance.

Mr. Luecke made a motion to approve this Conditional Use request for the purpose of restoring and selling older cars. Mr. Krumwiede seconded this motion.

Debbie Wright conducted roll call. Voting "nay" were Merle Lemenager and Dale Schultz. Voting "aye" were Troy Krumwiede and Beryl Luecke. Abstaining from voting was Donna Crow. Motion to approve did not carry.

This request would go on to County Board with neither an approval nor a denial.

Zoning Administrator Gloria Schleef said County Board Chairman Ron Schroeder, County Board Member Harriett Mowrey, and County Board Member Jim McCray came into the Office questioning charging for agricultural building permits. This was researched at one time and the State's Attorney at that time said this could not be done. These County Board members agreed it should be tried again. Ms. Schleef said she had contacted other counties and most charge for residential. They said, if you can't park machinery in it or put grain in it, they charge a fee. She discussed this with State's Attorney Jim Devine and he did not see a reason why a fee could not be charged.

Mr. Schultz made a motion to require a building permit fee to be charged for all residential associated buildings on agricultural property in unincorporated Iroquois County. Ms. Crow seconded this motion. Roll call vote. Motion carried unanimously.

Zoning Administrator Gloria Schleef said the Office received a complaint on a shed that was built in the County. A building permit was obtained in 2004 for this shed. A fee was charged because proof could not be supplied that the owner also farmed the property. The owner came in the Office in 2006 stating this should have been an agricultural permit and he wanted no more inspections. This property is for sale on the Internet for \$1,100,000.00. The shed has been made into a house with a bar, living area, pool table, fireplace, televisions, and a loft. After a lengthy discussion, it was noted Ms. Schleef should write a friendly letter regarding this. The Committee felt a residential building permit fee should be charged and doubled because work was changed and the Office was not contacted.

Mr. Schultz made a motion to approve the claims. Ms. Crow seconded this motion. The claims were approved by voice vote.

As there was no further business to come before the Committee, Mr. Luecke made a motion and Mr. Krumwiede seconded the motion to adjourn at 11:25 A.M. Motion carried by voice vote. All of which is respectfully submitted.

County Board, Recessed Session

February 10, A.D., 2009

Mr. Chairman and members of the County Board:

Your committee to whom was referred **Management Services** would beg leave to submit the following report on the matters before them.

Your committee met at the Administrative Center on February 9, 2009 at 9:00 A.M. Members present were Harriett Mowrey, Beryl Luecke, Jim McCray, John Dowling, Alan Dewitt, Dennis Johnson, and Jean Hiles. Also present were Sheriff Eldon Sprau; Larry Pankey, Maintenance Supervisor; Cecelia Dixon, Director of Data Processing; Joel Moore, County Engineer; Carl Gerdivoch, ESDA Director; and Wendy Davis from the *Times Republic*.

Cecelia Dixon, Director of Data Processing, explained the redesigned County Board Services claim form (pay sheets) to the committee.

Harriett Mowrey said she had talked with Representative Shane Cultra at the last Republican Precinct Committee meeting about requesting funds from the stimulus package to install a fire alarm system at the Courthouse and jail.

Drew Becker from the Grand Prairie Friends - Allerton Park in Monticello, IL who is interested in the 37.9 acres of County owned timber will be at the March 9, 2009 Management Services meeting.

Larry Pankey, Maintenance Supervisor, discussed routine maintenance issues with the committee. He said he will be contacting Susan Wynn Bence, County Board member, to help write a grant through the Illinois Clean Energy Community Foundation's two new programs for lighting upgrades. These programs were developed with the endorsement of the Illinois Association of County Board Members, an organization of which the County is a member. Counties are eligible to apply for funding to pay for energy-savings upgrades to lamps, ballasts and/or controls in existing indoor lighting systems. Grants will be limited to no more than \$30,000 for any one public safety building. The deadline for the grant program is March 17, 2009.

Joel Moore, County Engineer, discussed how the County's health insurance affects the County Highway budget. The issue will taken to the Finance Committee. He also discussed the telephone system.

Harriett Mowrey said Mark Henrichs, County Clerk, asked her if the Inventory Committee

could meet and inventory the 22 generators he has purchased through the \$81,717 HAVA grant that must be used for specific equipment. These generators will be available at county polling places during an election in case of a power failure.

The committee reviewed the claims. It was moved by John Dowling and seconded by Jim McCray to pay the bills subject to County Board approval. Motion carried unanimously.

Jim McCray said he has been in contact with the Champaign County Regional Planning Commission who write aggressive grants from the State and Federal Government for Counties. It was suggested Mr. McCray invite them to attend the March Management Services Committee

It was moved by Dennis Johnson and seconded by Beryl Luecke to adjourn at 9:45 A.M. Motion carried.

All of which is respectfully submitted.
