STATE OF ILLINOIS  
IROQUOIS COUNTY

County Board, Regular Session  
June 10, A.D., 2008

Mr. Chairman and members of the County Board:

Your committee to whom was referred **Health Services** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on June 2, 2008 at 9:00 A.M. Members present were John Dowling, Betty Busick, Rod Copas, Jean Hiles, and Donna Wasmer. Also present were Dr. James Finnell, Animal Control Administrator; Suzanne Light, Executive Director of ABRA; Brian Martell, Solid Waste Coordinator; Ron Schroeder, County Board Chairman; and John Wilkening, County Board Vice Chairman.

Dr. Finnell distributed copies of the Animal Control Report for the period ending May 26, 2008. There were a total of 17 stray dog calls, 9 bite cases, 10 registration violations, 5 welfare cases, and 25 dogs impounded. Six dogs were taken to the Vermilion County Animal Welfare Kennel for adoption.

Dr. Finnell spoke of the Noah's Wish Disaster Response Training seminar that he attended. Noah's Wish is an animal welfare organization that provides rescue and recovery services to mitigate the impact of disasters on animals that are left abandoned or homeless. In order to care for the displaced animals Noah's Wish requires a building with a concrete floor, such as a gymnasium, along with water, electricity, heat, and restrooms. The agency provides the staff to care for the animals along with cages to house them. A profile is done for each animal and there is paperwork that tracks them through their stay in the shelter. Dr. Finnell said that with the help of volunteers, Animal Control could use the agency's format and design it for anticipated local needs. The committee discussed the topic at length with funding being a concern. It was noted that the expenses incurred during another disaster could be reimbursable by FEMA.

It was reported that there have been 1,823 dog registration tags sold so far this year for \$27,345. This is an increase from last year when there were approximately 1,600 registration tags sold for \$16,000. The large number of registrations is due to the rabies vaccination clinics that are held throughout the County.

Suzanne Light, Executive Director of ABRA, passed out copies of the quarterly report and newsletter for the association. ABRA, the Association of the Betterment of Retarded Adults, is state funded and provides services for retarded adults age 18 and older. Suzanne told the committee that the ABRA building is being remodeled to include a satellite clinic that will be rented by Iroquois

Mental Health and used for therapy sessions. She also said that ABRA will have five board members up for reelection at their June meeting with all incumbents seeking to retain their positions. The board is compromised of residents from the Sheldon area with some from Watseka and Melvin.

Brian Martell, Solid Waste Coordinator, distributed copies of the Revenue/Expense Reports ending May 2008. The report shows that the recycling center has taken in an average per month of 37.65 tons of newspaper, 1.28 tons of aluminum, 1.85 tons of tin, 1.64 tons of plastic, 10.01 tons of magazines, and 4.20 tons of cardboard. It was noted that the newspaper that is recycled is used to make insulation by a company out of Indiana. Brian also stated that aluminum prices are at fifty-five cents per pound and scrap metal is at \$250 per ton with the prices increasing.

In addition, Brian has placed an ad in the newspaper seeking bids for the roof of the recycling center. He has had two interested parties inspect the roof and has asked them to provide estimates for both steel and asphalt roofing. Brian will have the bids for the roof at the July committee meeting.

The committee reviewed claims. It was moved by Jean Hiles and seconded to pay bills subject to County Board approval. Motion carried.

As there was no further business to come before the committee, a motion was made by Betty Busick and seconded to adjourn at 9:47 A.M. Motion carried.

## **STATE OF ILLINOIS IROQUOIS COUNTY**

County Board, Regular Session  
June 10, A.D., 2008

Mr. Chairman and members of the County Board:

Your committee to whom was referred **Tax** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on June 3, 2008 at 9:00 A.M. Members present were Jerry Haynes, John Kuntz, Dale Schultz, Betty Busick, Kevin Hansen, and Troy Krumwiede. Also present were Mindy Kuntz Hagan, Treasurer; Tom Tuntland, Director of County Information Systems; Bob Yergler, Supervisor of Assessments; Cecelia Dixon, Director of Data Processing; Mark Henrichs, County Clerk; Ron Schroeder, County Board Chairman; and John Wilkening, County Board Vice Chairman.

Treasurer Mindy Kuntz Hagan reported Valerie Dannehl of Cissna Park has been hired to replace Carolyn Hoppe, who has retired. Additionally, Clerk Sheila Siebert has returned to work following a brief medical leave.

Mindy said \$33,550 has been collected thus far for mobile home taxes, which represents approximately 83% of the total projected. Mindy continues to monitor bank account balances daily as it will be August before property tax money begins to be collected.

Supervisor of Assessments Bob Yergler reported assessment relief applications are coming in, as a result of the major flooding in January. He has begun to work on flood inspections and indicated he will use damage increments of 25%, 50%, 75%, and 100%. The tax relief will be a one-year benefit, appearing on the 2008, payable 2009 tax bills. Bob said he has been officially informed that both KFC and Sugar Creek Care Center will not re-open in their locations on the northwest side of Watseka which flooded in January.

Director of Data Processing Cecelia Dixon reported the drainage district data input is complete and the Clerk's Office can begin rate calculation. She said the drainage roll process is very labor intensive, especially this year because of the new drainage district, Mud Creek, which encompasses approximately 1,800 parcels in four townships. Additionally, other large districts had significant changes as well.

Director of County Information Systems Tom Tuntland said a more efficient method is needed to keep the drainage rolls current. He said the information comes to us now in a paper format and must be entered into the County's system by a County employee. There are constant errors on the information we receive, including parcels that no longer exist due to splits and combinations. Tom said the only way to eliminate the problem is to give drainage attorneys secure access to the County's drainage information so that they can be responsible for their own updating. This would require a technology assessment to ascertain whether each attorney has the technology in place, as well as some programming changes which Tom could set up in the County's system. It was noted that local attorney Pat Murphy handles approximately 90% of the County's drainage districts. It was the consensus of the committee that discussion with Mr. Murphy, as well as the attorney for the new Mud Creek District would be a good place to lay the ground work for the improved system. If successful here, all others are likely to follow.

Tom reported that he is working on the upgrading of computer workstations as discussed last month. He has completed 9 of the 28 workstations involved.

County Clerk Mark Henrichs distributed monthly financial reports for the County Clerk and the Recorder's Office. He noted the increase in sale of tax revenue stamps, which is due to the recent sales of several substantial properties within the County.

Mark discussed articles of interest from the Elections Administration Report. He said

approximately \$80,000 is available this year in grant money. He is researching the purchase of the GEMS program, which is software used for the layout of ballots.

Mark reported his office received the LEX report this morning, which is the point at which he can begin rate calculation. He said at this time, the tax cycle is running approximately 2 weeks later than last year.

Mark said turnout was good this year for voter registration of high school students. He said 6 of 7 schools elected to participate.

The committee reviewed the claims. It was moved by John Kuntz and seconded to pay the bills subject to County Board approval. Motion carried.

As there was no further business to come before the committee, it was moved by Troy Krumwiede and seconded to adjourn at 10:40 A.M. Motion carried.

All of which is respectfully submitted.

County Board, Regular Session

June 10, A.D., 2008

Mr. Chairman and members of the County Board:

Your committee to whom was referred **Management Services** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on June 3, 2008, at 9:00 A.M. Members present were Harriett Mowrey, Beryl Luecke, Merle Lemenager, Jean Hiles, Dennis Johnson, Alan DeWitt, and Ed Schuldt. Also present were Larry Pankey, Maintenance Supervisor; and Ron Schroeder, County Board Chairman.

Larry Pankey, Maintenance Supervisor, reported on the following:

- The outstanding bill from Tech Solutions for \$6,800 was paid from the jail renovation line item. He said that with all the upgrades that have been done to the boiler and Honeywell boxes everything is running as it should. There is no longer a problem of the boiler and air conditioner running at the same time which will conserve energy.
- The water meter at the jail has not been changed. After talking to other businesses, it has become apparent that the City of Watseka will furnish only the meter while the business is responsible for the other hardware and labor necessary to replace the meter. It was estimated that the gaskets needed will cost \$600.
- It was stated that Ron Kissack will be retiring on June 30. This will leave a second opening in the Maintenance Department for which interviews have been underway.
- Bennett & Brosseau has fixed cracks on the roof of the Courthouse and patched holes on the roof of the jail. It is hoped that this will suffice until there is funding for a new roof on the jail.
- Precision Piping replaced pillar blocks on the air exchanger at the jail.

A representative from the County's workers compensation insurance came to the Maintenance tool shed to perform an inspection. He did not have identification proving who he was and did not call Larry to set up a time and date for the inspection. He would like to contact the insurance company and ask them to notify him of an inspection and supply their representative with proper identification so there will be no question in the future.

Chairman Harriett Mowrey informed the committee that the inventory process will begin on June 16<sup>th</sup>. She will also speak to the Finance committee regarding the elevator and dumbwaiter at the Courthouse. The two must be brought up to code and pass inspection in order to be certified by the state. If they are not certified, the entire building could be shut down until they meet the requirements necessary to be in compliance.

The committee discussed the phone service provided by Access One. In order to make the switch over to Access One profitable all phone lines have to be on the same service. There are 30 lines that include 911, the Sheriff's Department, and the County Highway Department that are not utilizing the Access One service. Since 911 relies heavily on phone lines, it will not be an option to switch them over to the new service with the feedback and static that all other departments have experienced while on Access One. The committee agreed that the problems need to be addressed before any more phone lines are changed to the Access One service.

The committee reviewed claims. It was moved by Ed Schuldt and seconded to pay bills subject to County Board approval. Motion carried.

As there was further business to come before the committee, it was moved by Dennis Johnson and seconded to adjourn at 9:52 A.M.

### **STATE OF ILLINOIS IROQUOIS COUNTY**

County Board, Regular Session

June 10, A.D., 2008

Mr. Chairman and members of the County Board:

Your committee to whom was referred **Judicial & Public Safety** would beg leave to submit the following report on the matters before them:

Your committee met at the Courthouse on June 4, 2008 at 9:00 A.M. Members present were John Kuntz, Susan Wynn, Lowell Schmidt, John Wilkening, Donna Crow, Alan DeWitt, and Rod Copas. Also present were Judge Jim Kinzer; Arlene Hines, Circuit Clerk; Barb King, Probation Supervisor; Bill Cheatum, Coroner; and Ronald Schroeder, County Board Chairman.

Judge Jim Kinzer reported the self help computer center is working well and he is satisfied with the printable forms.

He reported on a new traffic fee he would like implemented. The fee is to reopen traffic cases in which a defendant has failed to pay a fine issued for speeding and/or has not reported for the assigned court date on the ticket. Additional work is involved in issuing notices to the defendant. A fee of \$40 can be collected without County Board approval, anything over the \$40 fee would require an ordinance approved by the County Board. Following a brief discussion, Judge

Kinzer will schedule a meeting with State's Attorney Jim Devine to determine a fair fee.

Judge Kinzer reported he is receiving DUI evaluations from the Mental Health Center, while noting they seem to be behind on some.

Probation Supervisor Barb King reported billing three juveniles for GPS units totaling \$225.45. She said one has been paid, one has set up a payment plan, and one has moved outside the area, however, should be returning at a later date to fulfill the payment. Barb said if these juveniles had been housed in the Vermilion County detention center the charges incurred could have been \$2,160 for the three juveniles; thus creating a savings to the county of \$1,934.55.

Barb said her department is working to ensure clients are paying for drug testing. She commented that detention bills are high, and they are currently trying to bill DCFS for one juvenile.

In addition, Barb is accepting applications to fill the vacancy of one probation officer.

Circuit Clerk Arlene Hines distributed her report for May 2008 and answered questions.

Coroner Bill Cheatum reported for the month of May there were twenty-four deaths, no autopsies, four coroner's certificates issued, twenty coroner calls transferred back to a doctor, and eleven cremation permits issued.

ESDA Coordinator Carl Gerdovich's report for May was distributed and discussed. The mitigation application was submitted to IEMA and will take approximately six weeks before a determination is made.

The committee reviewed the claims. It was moved by Donna Crow and seconded to pay the bills subject to County Board approval. Motion carried.

As there was no further business to come before the committee, it was moved by John Wilkening and seconded to adjourn at 10:40 A.M. Motion carried.

All of which is respectfully submitted.

STATE OF ILLINOIS  
IROQUOIS COUNTY

County Board, Regular Session  
June 10, A.D., 2008

Mr. Chairman and members of the County Board:

Your committee to whom was referred **Finance** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on June 5, 2008 at 9:00 A.M. Members present were Jim Meyer, Russell Bills, Jerry Haynes, Harriett Mowrey, John Dowling, Lowell Schmidt, and Susan Wynn. Also present were Roger Schuldt, Schuldt Insurance; Mindy Kuntz Hagan, Treasurer; Cecelia Dixon, Director of Data Processing; Bob Yergler, Supervisor of Assessments; Mark Henrichs, County Clerk; John Wilkening, County Board Vice Chairman; Ron Schroeder, County Board Chairman; and Wendy Davis from the *Times-Republic*.

Roger Schuldt, Schuldt Insurance, reported on June 1<sup>st</sup> a parked Sheriff's squad car was hit by a hit-and-run driver. On June 2<sup>nd</sup>, a squad car collided with a deer, resulting in approximately \$2,537 in damages.

Roger reported, as requested, he has checked on the availability of "takings" coverage by Bliss McKnight. Bliss does not offer this type of coverage and it seems unlikely that any insurance company does. Both Roger and Jerry Haynes have looked into CIRMA, The Counties of Illinois Risk Management Agency, which appears to offer some type of coverage of this nature. There are some problems with this program although. CIRMA is a "pool" insurance, which involves some risk. Only seven counties are currently enrolled. Roger said he will contact someone from Saline County, one of the participants in the pool, for more insight.

Treasurer Mindy Kuntz Hagan reported the April Public Defender's salary reimbursement has been received from the State. She said January 8<sup>th</sup> was the last payment made on the Blunk loan. Last month the County agreed to "interest only" payments on the loan for one year period. The State's Attorney has been asked to prepare the necessary paperwork.

Mindy said she has met with representatives from The First Trust Bank to prepare for the possibility of a loan for the County if balances drop below a comfortable level. It is unlikely that tax bills will be in the mail before July and a loan is probable.

The committee discussed several issues which have put the tax cycle on a late schedule. The major problem appears to be that our tax program limits us to working in just one tax year at a time. This prevents any office from beginning their work in the tax cycle, prior to the completion of the work in the office before them. The only way to resolve this issue is to contract with an outside vendor, which will be costly. This resolution is being looked at, and vendors will be contacted to make presentations once this year's tax cycle is complete.

Director of Data Processing Cecelia Dixon said retro pay for AFSCME employees was processed on May 23<sup>rd</sup>. She estimated the total retro pay to be approximately \$21,000. She said notices have been sent to employees concerning the insurance changes which will be effective July

1<sup>st</sup>, along with the \$20 per month charge for individual insurance.

Supervisor of Assessments Bob Yergler reported he his getting assessors ready for the next tax year assessment work. Bob said he continues to work on flood property assessments.

County Clerk Mark Henrichs reported the certified values for overlapping districts are complete. Bonds are being double checked and the next major step will be to mail extension sheets to all taxing bodies for their approval.

The committee briefly discussed the possible resignation of Zoning Board of Appeals members, due to what the feel is a lack of adequate insurance coverage for their actions. Several County Board members have concerns as well. It is unlikely however, that a guarantee in the form which they seek, is possible.

The committee reviewed the claims. It was moved by John Dowling and seconded to pay the bills subject to County Board approval. Motion carried.

As there was no further business to come before the committee, it was moved by Susan Wynn and seconded to adjourn at 10:04 A.M. Motion carried.

All of which is respectfully submitted.

STATE OF ILLINOIS  
IROQUOIS COUNTY

County Board, Regular Session  
June 10, A.D., 2008

Mr. Chairman and members of the County Board:

Your committee to whom was referred **Planning and Zoning** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on June 6, 2008, at 9:00 A.M. Members present were Merle Lemenager, Donna Wasmer, Troy Krumwiede, Beryl Luecke, Donna Crow, Dale Schultz, and Jim Meyer. Also present were Gloria Schleef, Zoning Administrator; Debbie Wright, Chief Deputy Zoning Administrator; Carl Gerdovich, WGFA; and Wendy Davis from the *Times-Republic*.

Zoning Administrator Gloria Schleef reported on the following:

- Next months meeting will need to be rescheduled due to the 4th of July holiday. The Planning and Zoning Committee will convene on Thursday, July 3, 2008, at 1:00 P.M. The Health Department has contacted the Zoning Office regarding the environmental survey. Mr. Eimen said he would like to have a sign off on every permit; no fees would be charged unless the structure had plumbing. The consensus of the committee was to abide by the Zoning Ordinance.
- Regional Planning members Beryl Luecke, Harold Loy, and Mike Moran will all have terms expiring July 12<sup>th</sup>. They will accept reappointment. A motion was made by Dale Schultz and seconded to reappoint Regional Planning Commission members Beryl Luecke, Harold Loy, and Mike Moran. Motion carried.
- Regional Planning has one position to fill, four names were proposed. Gloria will contact the suggested individuals before the next meeting.
- The Zoning Office has been receiving complaints concerning Joseph Yobbka flying his ultralight planes over neighbors properties.
- Gloria attended a Zoning Meeting on May 30th, located in Utica at the Starved Rock Convention Center. They discussed how other counties are using the International Property Maintenance Code. They also focused on building permits. Several counties have seen a great decline in building permits, but Gloria stated Iroquois County has been steady and issuing the same amount as last year. She also noted that Will County currently has a repossession rate of 80% on all new homes.
- The Illinois Association for Flood Plain and Storm Water Management was held on June 4th. The seminar was about legal issues of flood plain management. It was also about making FEMA regulations more restrictive and using higher standards for flood plain management. Gloria stated she also learned what the Supreme Court considers a "property taking". She said the speaker at this seminar was very informative.
- Airtricity, the company that is interested in constructing wind towers in the Sheldon area, has not yet contacted the Zoning Office. The Iroquois Development Association informed the Zoning Office that Airtricity has been bought out by

another company, but is still interested in building in the Sheldon area.

- The Illinois Wind Working Group is holding its second annual conference, “Advancing Wind Power in Illinois 2008,” on June 25th and 26th. The registration fee is \$40 until June 6th and \$50 after June 6th. Anyone that is interested in attending should contact the Zoning Office.
- Proposed Senate Bill 2854 requires any person performing building code enforcement activities to be “qualified by the State or certified by a nationally recognized building official certification organization with significant office presence in Illinois.” Our inspectors are currently not certified. Gloria said she will try to follow up on this project.
- A reconditioned computer was purchased for Chief Deputy Zoning Administrator Debbie Wright. All of her files have now been converted to the new computer.

The committee reviewed the claims. It was moved by Beryl Luecke and seconded to pay the bills subject to County Board approval. Motion carried.

A public meeting was called to order for the purpose of hearing two rezonings, one conditional use, one preliminary plat, and one final plat.

John Martin III is requesting a final plat approval for a nine-lot subdivision. The Crest Haven Subdivision is located in Middleport Township, Sections 27 and 34. Mr. Martin also presented his Engineer Roger Meyer to answer questions. A final sign off from the Health Department is needed before the plat may be approved at County Board. Regional Planning approved the final plat unanimously. Following further discussion, a motion was made by Troy Krumwiede and seconded to **approve** the final plat pending a sign off from the Ford-Iroquois Health Department. Roll call vote. Motion to **approve** carried unanimously.

Mike Miner is requesting to rezone a 3.82 acre parcel from A-2 to B-1 with a variance for lot width. The tract is located in Middleport Township, Section 34. Mr. Miner feels the land will be in Watseka’s development area, so he would like to be ready to sell the property if the opportunity would present itself. Both Regional Planning and Zoning Board of Appeals voted to recommend approval of this request. A motion was made by Beryl Luecke and seconded to **approve** rezoning the 3.82 acre tract from A-2 to B-1 with a variance for lot width. Roll call vote. Motion to **approve** carried unanimously.

Rhonda Kaufman of Ash Grove Township, Section 32, is requesting a conditional use for a fourteen-dog kennel. Mrs. Kaufman currently has six dogs at her home. Her mother also goes away for the winter and she cares for her dogs around that time. When her son is home from college, he also brings his dogs. This would be a total of 11 dogs at her home at one time. Mrs. Kaufman said they live on an eleven acre farm that is very distant from any other properties. Dan Garner investigated the property and Dr. Finnell testified at Regional Planning that he felt this would be a very good kennel and he recommended the request be approved. Both Regional Planning and Zoning Board of Appeals unanimously recommended approval. A motion was made by Jim Meyer and seconded to **approve** a conditional use for a fourteen-dog kennel. Roll call vote. Motion to **approve** carried unanimously.

Attorney Patrick Murphy spoke on behalf of his client Shellie Billingsley. Ms. Billingsley is requesting approximately three plus acres to be rezoned from A-2 to RR-2 for the purpose of a two-lot subdivision, located in Belmont Township, Sections 7 and 8. She is also requesting a preliminary plat approval for the Twin Oaks subdivision. Mr. Murphy stated there was an existing

home on the western portion of the property and there are sheds still currently on the property. This tract is also listed in the growth area for Watseka. The two parcels both have frontage, so no new roads would need to be created.

The preliminary plat was reviewed by the committee. It was noted that a shed was located on one of the property lines. Mr. Murphy said the building is to be torn down. The committee agreed the building should be torn down before the final plat is presented.

Both Regional Planning and Zoning Board of Appeals voted unanimously to recommend approval. Following further discussion, a motion was made by Donna Crow and seconded to **approve** rezoning the three plus acres from A-2 to RR-2 for the purpose of a two-lot subdivision. Roll call vote. Motion to **approve** carried unanimously.

A motion was made by Dale Schultz and seconded to **approve** the request for a preliminary plat approval, subject to the shed being torn down before the final plat is submitted. Roll call vote. Motion to **approve** carried unanimously.

As there was no further business to come before the committee, it was moved by Beryl Luecke and seconded to adjourn at 11:00 A.M. Motion carried.

All of which is respectfully submitted.

#### **ORDINANCE NO. 2008-7**

## **AN ORDINANCE REGARDING THE PREVAILING WAGE**

**WHEREAS**, the State of Illinois has enacted “An act regulating wages of laborers, mechanics, and other workers employed in any public works by the State, county, city, or any public body of any political subdivision or by any one under contract for public works,” approved June 26, 1941, as amended, (820 ILCS 130/1 et.seq.) as amended by Public Acts 86-799 and 86-693; and

**WHEREAS**, the aforesaid Act required that the County of Iroquois investigate and ascertain the prevailing rate of wages as defined in said Act for laborers, mechanics, and other works in the locality of said county employed in performing construction of public works, for said County.

**NOW THEREFORE, BE IT ORDAINED BY THE IROQUOIS COUNTY BOARD AS FOLLOWS:**

**SECTION 1:** To the extent and as required by “An Act regulating wages of laborers, mechanics and other workers employed in any public works by State, county, city or any public body or any political subdivision or by any one under contract for public works,” approved June 26, 1941, as amended, the general prevailing rate of wages in this locality for laborers, mechanics, and other workers engaged in construction of public works coming under the jurisdiction of the county of Iroquois is hereby ascertained to be the same as the prevailing rate of wages for construction work in the Iroquois County area as determined by the Department of Labor of the State of Illinois as of June of 2008, a copy of that determination being attached hereto and incorporated hereby by reference. As required by said Act, any and all revisions of the prevailing rate of wages by the Department of Labor of the State of Illinois shall supersede the Department’s June determination and apply to any and all public works construction undertaken by the County of Iroquois. The definition of any terms appearing in this Ordinance which are also used in aforesaid Act shall be the same as in said Act.

**SECTION 2:** Nothing herein contained shall be construed to apply said general prevailing rate of wages as herein ascertained to any work or employment except public works construction of the County of Iroquois to the extent required by the aforesaid Act.

**SECTION 3:** The Iroquois County Clerk shall publicly post or keep available for inspection by any interested party in the main office of the County Clerk this determination or any revisions of such prevailing rate of wage. A copy of this determination or of the current revised determination of prevailing rate of wages then in effect shall be attached to all contract specifications.

**SECTION 4:** The Iroquois County Clerk shall mail a copy of this determination to any employer, and to any association of employers and to any person or association of employees who have filed their names and addresses, requesting copies of any determination stating the particular rates and the particular class of workers whose wages will be affected by such rates.

**SECTION 5:** The Iroquois County Clerk shall promptly file a certified copy of this Ordinance with both the Secretary of State Index Division and the Department of Labor of the State of Illinois.

**SECTION 6:** The Iroquois County Clerk shall cause to be published in a newspaper of general circulation within the area a notice of this determination and such publication shall constitute notice that the determination is effective and that this is the determination of this public body.

#### **STATE OF ILLINOIS IROQUOIS COUNTY**

County Board, Regular Session  
June 10, A.D., 2008

Mr. Chairman and members of the County Board:

Your committee to whom was referred **Policy & Procedure** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on June 9, 2008 at 9:00 A.M. Members present were Ron Schroeder, John Wilkening, Jerry Haynes, Harriett Mowrey, John Dowling, John Kuntz, Merle Lemenager, and Jim Meyer. Also present were Joel Moore, County Engineer; Cecelia Dixon, Director of Data Processing; Gloria Schleef, Zoning Administrator; Mark Henrichs, County Clerk; Mindy Kuntz Hagan, Treasurer; Bob Yergler, Supervisor of Assessments; Bill Cheatum, Coroner; Tom Tuntland, Director of County Information Systems; Barb Witte, Administrative Assistant to the County Board; and Wendy Davis from the *Times-Republic*.

The committee reviewed the claims. It was moved by Harriett Mowrey and seconded to pay the bills subject to County Board approval. Motion carried.

The committee briefly discussed the Prevailing Wage Ordinance, which must be approved by the County Board annually at its regular session. It was moved by John Wilkening and seconded to approve the Prevailing Wage Ordinance. Roll call vote. Wilkening: Aye, Haynes: Aye, Mowrey: Aye, Dowling: Aye, Kuntz: Nay, Lemenager: Aye, Meyer: Aye, Schroeder: Aye. Motion carried.

Chairman Schroeder said, for information only, the Circuit Clerk's audit is complete and a copy will be placed on file at the Courthouse and the Administrative Center.

Coroner Bill Cheatum reported the compressor on the temporary morgue located at Iroquois Memorial Hospital has broken down. Per an agreement with IMH, the County supplies the parts and the hospital supplies the maintenance to service the unit. The cost for parts to repair the compressor will be \$202. Bill said the money is available in his budget, but with the current financial issues was unsure what the Board would want to do. It was the consensus of the committee that Bill go ahead with the repair project on the temporary morgue.

County Highway Engineer Joel Moore briefly discussed two road resurfacing projects in which the process is new to Iroquois County. He said in the next two weeks a fly ash project and a micro-surface project will be completed if anyone wishes to view the process.

County Clerk Mark Henrichs distributed the list of 2008-2009 liquor license applicants. He said one establishment has changed ownership; the Triple R Bar & Grill in Bryce was sold and will operate as the 284 Bar & Grill. The new owners have elected to apply for a 1AM license. It was moved by John Dowling and seconded to approve all applications as submitted. Motion carried.

Mark said extension sheets were mailed on Friday. Two individuals from each of the 115 taxing bodies will receive the information for review and approval.

Each committee highlighted their report and answered questions.

As there was no further business to come before the committee, it was moved by John Kuntz and seconded to adjourn at 10:04 A.M. Motion carried.

Respectfully submitted.
