County Board member Donna Crow stated Ford and Iroquois County have had a successful 33-year history as a joint Health Department. The history transcends many county board chairmen, county board members, and health department directors. She said the majority of the Iroquois County Board recognizes that there are issues within the Health Department that need addressed. Problems with the Health Department are not new. Mrs. Crow said nothing will be accomplished with the two County Board Chairman in disagreement. She recommended that the two Chairman, Mr. Copas and Mr. Bowen remove themselves from the problem and appoint two mediators who would select a third independent mediator to help open communications.
