OUTSIDE ORGANIZATION REPORTS

IEDA Director Ken Barragree told the Board the new Casey’s in Watseka is currently being erected and they should make their end of July opening date as originally targeted. He also stated that he spoke with representatives from Casey’s regarding concerns of the current location closing and asked they consider keeping it open to better serve the residents of Watseka. They were responsive to his request and are forwarding the concerns on to their superiors. Ken also reported RP Lumber is progressing for their opening in the former Kaper’s building in Watseka and he has had businesses show interest in the old Monical’s Pizza location. Lastly, he gave statistics about unemployment and said there are many factors that go into the true unemployment rate which is not reflected in the reported unemployment rate, which is the rate you actually hear about through the media. He said the true unemployment rate is about double the reported rate.

County Board member Charlie Alt said the Extension Council met June 2, 2016. They went over their financial standing for the 4 county area and they are about \$600,000 short in funds from the State at this time. The lack of funding has prevented the hiring of additional instructors for extension programs and travel for extension programs being limited.

Mr. Alt also reported that the Veterans Administration is doing very well and business is picking up. There are currently 41 active files open as opposed to 16 just a year ago.

FINANCE

Mr. Hansen, Chairman of the Finance Committee, gave the report of his committee and moved for adoption. The motion was seconded and carried by a roll call vote.

County Board, Regular Session

June 14, A.D., 2016

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Finance** would beg leave to submit the following report on the matters before them:

Your Committee met at the Administrative Center on June 9, 2016 at 9:00 A.M. Members present were Kevin Hansen, Bret Schmid, Charlie Alt, Russell Bills, and Ernie Curtis. Dan Rayman was absent. Also present Finance Director Anita Speckman, Treasurer Mindy Kuntz Hagan, County Clerk Lisa Fancher, 911 Director Nita Dubble, Probation Director Tom Latham, Supervisor of Assessments Bob Yergler, ICPHD Administrator Dee Schippert, ESDA Director Eric Ceci, Suzie Werner of HomeStar Insurance Services, Randy Schuldt of Schuldt Insurance, and County Board members Larry Hasbargen, Jean Hiles, and John Shure.

The meeting was called to order.

There were no public comments.

Randy Schuldt of Schuldt Insurance reported the only activity for the month is a claim for the Old Courthouse Museum. A downspout was plugged and drained into the roof causing water damage in one of their rooms. Schuldt said an insurance adjuster has authorized approximately \$12,000 for the repairs but the amount could increase. The County's deductible is \$1,000. Staff at the Old Courthouse Museum is in the process of getting estimates from contractors for repairs.

Suzie Werner of HomeStar Insurance Services gave the committee an updated HRA rate of 5.4%. Werner said she should be receiving the renewal from Health Alliance soon.

The Department Heads gave their monthly reports. They are as follows:

- ESDA Director Eric Ceci held an active shooter workshop in the County Board Room on May 26th. The next LEPC meeting will be held June 28th at 2 P.M. in Ceci's office.
- Treasurer Mindy Kuntz Hagan provided a report of state payments. Kuntz Hagan stated payments for each type of tax was received in May. Also, we are current on salary reimbursements. Kuntz Hagan asked Finance Chairman Kevin Hansen if he has received an updated agreement for The Gathering. Hansen said he has not received anything from State's Attorney Jim Devine yet. Kuntz Hagan reported a payment of \$500 was received for the Blunk loan on May 17th.

- 911 Director Nita Dubble reported they received their first check with the new legislation, which was \$10,000 more than expected.
- Supervisor of Assessments Bob Yergler told the committee his office is busy answering tax bill questions.
- ICPHD Administrator Dee Schippert reported they are waiting on a state budget.

Hansen spoke with Kyle Bruno of River Valley Recycling regarding the county wide clean-up day. Mr. Bruno suggested having a clean-up day two times each year. Russell Bills thought it would be best to find a local community group, such as FFA, Boy Scouts, or Girl Scouts, to organize the event. Bret Schmid said he received a call from a concerned citizen and asked the board members to look up “where does my e-waste go” on the internet. It was mentioned that several other communities recently held recycling events. Hansen will contact persons involved with the FFA and Bills will contact someone in conjunction with the Boy Scouts. County Board member Jean Hiles asked the committee to reach out to State Representative Tom Bennett and Senator Jason Barickman and ask how they handled their recycling events in years past. Hiles also stated if we are going to do this as a service to the County, it needs to be done at no charge to the individual. County Board member Larry Hasbargen volunteered to contact Mr. Bennett and Mr. Barickman. A tentative date was set for the Saturday after Labor Day.

The committee reviewed claims. It was moved by Schmid and seconded by Ernie Curtis to pay the bills subject to County Board approval. A roll call vote was taken. Motion carried.

As there was no further business to come before the committee, it was moved by Alt and seconded by Curtis to adjourn at 9:54 A.M. Motion carried by a voice vote.

All of which is respectfully submitted.

| | 4 yard container | \$100/month |
| Boomgarden offered a two year contract at \$250/month | | |
| • Republic Services | 6 yard container | \$160/month |
| | 4 yard container | \$125/month |

Republic Services charges a one time delivery charge of \$50 per container.

The committee discussed the bid amounts received. Boomgarden Trash Haul & Recycling quoted two different rates which appears to be a discounted monthly rate for both containers. Pankey expressed the need for lids for the containers and asked to stipulate this with the winning vendor. It was moved by Larry Hasbargen and seconded by Donna Crow to approve the waste hauling bid from Boomgarden Trash Haul & Recycling in the amount of \$250 per month for a two year contract, pending confirmation of the contract amount and lids being provided for the containers. A roll call vote was taken. Motion carried. Behrends will contact the vendor to verify the contract price and discuss the lids for the containers.

Behrends noted next month's Management meeting falls on a holiday. The committee agreed to hold the meeting on Wednesday, July 6th at 1 P.M.

Finance Director Anita Speckman provided information to the committee regarding our current AT&T contract. Speckman said she spoke with another vendor about other options but it would take another 60-90 days. AT&T is holding our current rate of \$710.31 per month for a three year contract. It was moved by Charlie Alt and seconded by Hasbargen to renew the AT&T contract for three years. A roll call vote was taken. Motion carried.

The committee discussed the upcoming expiring office rentals. Speckman prepared a spreadsheet listing the renters with their lease terms and rental amounts. The committee reviewed the terms of the 911 ETSB lease. Shure suggested keeping the rent amount the same for 911 ETSB due to their financial situation. It was moved by Shure and seconded by Hasbargen to offer 911 ETSB a one year lease at \$420 per month. A roll call vote was taken. Motion carried. The Champaign Consortium lease was reviewed next. Their lease states it is automatically renewable on a year to year basis unless terminated by either party within ninety days. Also, following the initial three year period, their annual rent amounts will increase annually using the US Bureau of Labor Statistics Consumer Price Index. This amounts to an annual increase of \$107.03. It was moved by Alt and seconded by Shure to approve the \$107.03 annual increase in rent for Champaign Consortium. A roll call vote was taken. Motion carried. Shure noted he would like to see appropriate notifications go out to the renters if their lease amounts change. It was moved by Shure and seconded by Alt to direct the County Board Executive Assistant to catalog the lease expirations for review in February 2017 to allow for appropriate notifications to be given to the renters. Motion carried by a voice vote.

The committee reviewed the claims. It was moved by Hasbargen and seconded by Crow to pay the bills subject to County Board approval. Motion carried by a roll call vote.

It was moved by Alt and seconded by Shure to adjourn the meeting at 10:39 A.M. Motion carried by a voice vote.

All of which is respectfully submitted.

County Board, Regular Session
June 14, A.D., 2016

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Health** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on June 7, 2016 at 9:30 A.M. Members present were Troy Krumwiede, Dale Schultz, Bret Schmid, Jed Whitlow, and Dan Pursley. Also present ICPHD Administrator Dee Schippert, County Board member Larry Hasbargen and Wendy Davis with the Times Republic.

The meeting was called to order.

There were no public comments.

ICPHD Administrator Dee Schippert distributed a summary report of activities for Community & School Health Programs, Environmental, and Senior Programs. Schippert said West Nile surveillance will begin this month as we are now coming into mosquito season. A notice was received from the Illinois Department of Public Health Director of vector control stating Illinois has its first case of west nile, which is very early for the season. ICPHD will be focusing their efforts on this area to decrease exposure and increase public awareness on how to eliminate breeding grounds. Schippert also informed the committee there have been 17 lab confirmed cases of the zika virus in Illinois as of May 11th. All 17 cases were travel related and not locally transmitted. A presentation for a camping club was held recently at the fairgrounds to provide them information about the zika virus.

Schippert reviewed the Community Health portion of the report stating the numbers tend to increase over the summer months. Schippert noted they have their first pertussis case this year. There haven't been any new cases of tuberculosis to investigate but the State continually informs health departments that tuberculosis is on the rise. Illinois has recently had its first case of XDR tuberculosis. The health department would also like to spend time this summer focusing on the opioid crisis. They will promote awareness and education about how bad the problem is, educate parents on how to talk to their children about resisting the temptation to take drugs and what signs to look for if you suspect your children are taking drugs.

Schippert discussed the Senior Services programs. Adult Protective Services are increasing mostly due to the exploitation of the elderly, whether it be financially or physically.

Schippert reported the health department is working diligently on the Public Health Emergency Preparedness program. They recently had an audit and those performing the audit were very pleased with the work ESDA Director Eric Ceci has done.

Schippert discussed the programs that are subcontracted to Iroquois Memorial Hospital. WIC has an assigned caseload of 557 with an actual caseload of 414. Family Case Management has an assigned caseload of 182 with an actual caseload of 163.

Schippert gave an overview of the grants and contracts, stating the only new contract is the Local Health Protection grant, which was submitted in May. It remains level funded at \$63,200. Unit 9 opted for a three year contract this year rather than a two year contract as they have done in years past. A contract has been submitted to Milford schools with the option of two or three years. The contract will go before their board for approval. There are some developments with grants that are subcontracted that Schippert wanted to make the committee aware of. The Federal Grant Accountability and Transparency Act requirements are in the process of being adopted by Illinois. There are several factors that play into this such as in-direct cost rate, apply for the state negotiated rate or use the federal rate of 10%. After meeting with directors of Iroquois Memorial Hospital, it was agreed to have the hospital apply directly for the three subcontracted grants, which are WIC, Healthy Families of Illinois, and Family Case Management. After several conversations with the WIC director, it was determined the hospital cannot apply for that specific grant and it ICPHD must remain the grantee. Schippert will provide an updated grants and contracts sheet for the committee next month.

Lastly, Schippert reported to the committee the state currently owes the health department \$156,054.78.

As there was no further business to come before the committee, it was moved by Bret Schmid and seconded by Dan Pursley to adjourn at 10:25 A.M.

All of which is respectfully submitted.

IROQUOIS COUNTY

County Board, Regular Session
June 14, A.D., 2016

Mr. Chairman and members of the County board:

Your Committee to whom was referred **Transportation & Highway** would beg leave to submit the following report on the matters before them:

Your committee met at the Iroquois County Highway Building on June 10, 2016 at 9:00 A.M. Members present were Russell Bills, Charlie Alt, Kevin Hansen, Dale Schultz, Jean Hiles, Donna Crow, and Larry Hasbargen. Also present County Engineer Joel Moore, Chebanse Township Road Commissioner Louis Mahoney, Prairie Green Township Road Commissioner Bob Obenland, and Wendy Davis with the Times Republic.

The meeting was called to order.

There were no public comments.

The claims and financial reports for the month were reviewed. It was moved by Charlie Alt and seconded by Kevin Hansen to pay the bills subject to County Board approval. A roll call vote was taken. Motion carried.

| | |
|-----------------|--------------|
| County Highway | \$90,805.88 |
| County Bridge | \$2,180.25 |
| County Matching | \$0.00 |
| TBP | \$0.00 |
| County MFT | \$190,942.02 |
| Township MFT | \$530,470.67 |

An amended local agency agreement for Stockland Road was brought before the committee. County Engineer Joel Moore said there was a disagreement with the state on what we owe for the project. Moore contacted one of the directors and they agreed with Moore's interpretation but an amended agreement is required. This makes a difference of us owing the state \$165,000 to now owing \$35,000. It was moved by Jean Hiles and seconded by Donna Crow to accept the amended agreement for Stockland Road. Motion carried by a voice vote.

A resolution establishing a Class III truck route was discussed. Moore stated when you apply for TARP funds, a resolution is to be sent designating it as a Class II or Class III truck route. In this instance, the resolution wasn't submitted when the funds were received. It was moved by Hiles and seconded by Crow to accept the resolution establishing a Class III truck route on Bryce Road. Motion carried by a voice vote.

Moore explained that Simple Signs is a sign program used to maintain and keep track of sign inventory. They notified Moore that the software updates were free until last year and now a service agreement is needed. Moore requested an additional claim be approved to them for their \$400 per year maintenance fee. It was moved by Larry Hasbargen and seconded by Dale Schultz to approve the claim to Simple Signs for their \$400 per year maintenance fee. Motion carried by a voice vote.

Moore discussed the replacement of the Chebanse/Ashkum bridge, replacement of two structures in Prairie Green and the replacement of a box culvert north of the Ashkum quarry on CH8. The quarry is not going to happen because there wasn't as much pipe available as expected. Prairie Green had two bridges that were closed. The initial estimates received were between \$600,000 and \$700,000 to do both structures. There is also a bridge on a dead end that is a posted structure. Moore is expecting a letter stating it needs to be closed. No action is needed on these matters.

Moore informed the committee he has had several board members receive complaints on County Highway 8 and County Highway 24 because the roads are being oil and chipped rather than re-paved. Moore said money is not available to re-pave the roads every twenty years and by oil and chipping them, they are saving what is left of the roads.

Moore explained he had an individual contact him about wanting to install an eighteen inch tile main due to having water issues in his field. Moore said he doesn't believe this should be done but wanted to run it past the committee. The committee agreed with Moore's decision.

Moore gave an update on the Pilot Hill wind farm.

As there was no further business to come before the committee, it was moved by Hansen and seconded by Alt to adjourn at 10:00 A.M. Motion carried.

All of which is respectfully submitted.
