

COVID-19

It is important to remember that even though there have been confirmed cases in Iroquois County, this is not cause for panic. Our Communicable Disease nurses are working tirelessly to complete investigations, conduct contact tracing and notify anyone determined to be at increased risk of exposure. We strongly recommend the general public, regardless of location, continue social distancing and other safety measures to limit their risk of exposure.

Wash your hands with soap and water for at least 20 seconds.

Stay home when possible. **Especially** if you are sick.

Avoid touching your eyes, nose and mouth.

Practice social distancing and avoid close contact with others.

Cough or sneeze in a tissue, then throw the tissue in the trash.

Clean and sanitize high traffic areas.

If you have questions about Coronavirus

Call the Illinois Coronavirus Disease (COVID-19) **Hotline 1 (800) 889-3931**

or, send an email to: **DPH.SICK@ILLINOIS.GOV**

anytime, 24 hours a day, seven days a week.
